A

Dear Minister,

We attach the report of the Committee for the Evolution of the New Education Policy, your Ministry vide order No. 1-487015-9012 dated 11th October 2015.

The structure of the Report is as follows. After the Preamble, Chapter 1 outlines the process followed by the Committee. Chapter 2 provides background information on the Education Policy, leading up to the need for a new Policy in Education. There are followed by an analysis of school education, higher education, some institutional issues as well as some cross-cutting chapters 3 to 5. The recommendations, outlined in the various chapters, are contained in Part II which is the Policy recommended by the Committee. This can also be seen in the Executive Summary of the Report.

It was also envisaged that a framework for action on the recommendations would be put in place. The Committee feels that it will be more appropriate if the implementing framework can be decided after Government considers the recommendations and the necessary policy decisions are taken.

The Committee would hope that the policy recommendations would lead to improvement in school education in the country.
